

REMARKS

Please reconsider the application in view of the above amendments and the following remarks.

Claims 55-58 stand rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 55-58 were mistakenly dependant upon claim 53, a cancelled claim, rendering them indefinite. Claims 55-57 have been amended for proper dependency from now-allowable claim 54, and claim 58 has been amended for proper dependency from claim 57, which overcomes the objections to claims 55-58. Withdrawal of the above rejections and objections is respectfully requested.

Applicant believes this Response is fully responsive to all outstanding issues and places this application in condition for allowance. If this belief is incorrect, or other issues arise, the Examiner is encouraged to contact the undersigned or his associates at the telephone number listed below. In the event there are additional charges in connection with the filing of this Response, the Commissioner is hereby authorized to charge the Deposit Account No. 50-0714/LYNN/0144.B of the firm of the below-signed attorney in the amount of any necessary fee.

Respectfully submitted,
